Josh Sinkinson

UI/UX Designer

Aliso Viejo, CA · joshsinkinson@icloud.com · (408) 409-0594 · linkedin.com/in/josh-sinkinson · joshsinkinsondesign.com

SUMMARY

UI/UX Designer with 3+ years of end-to-end experience designing B2B SaaS products, building and maintaining Figma component libraries, and shipping production-ready interfaces. Experienced collaborating with product managers and engineers to translate requirements into intuitive, user-centered experiences — with strong attention to visual consistency and accessibility. Proficient in AI-assisted design tools including Claude Design, Figma Make, and Claude Code, and comfortable working across the full design lifecycle from wireframes and prototypes through to implementation support.

EXPERIENCE

UI/UX Designer & Design Lead

Bluumly · San Clemente, CA · July 2023 – May 2026

- Designed intuitive user interfaces and experiences for a complex B2B SaaS web application — owning all UX and UI work as the sole designer across the full product lifecycle.
- Built and maintained a comprehensive Figma component library on shadcn/ui foundations — creating reusable UI components, variants, and interaction states that ensured visual consistency across all product surfaces.
- Created wireframes, mockups, and interactive prototypes to communicate design solutions to product managers, engineers, and stakeholders — iterating rapidly based on feedback.
- Leveraged AI-assisted design tools including Claude Design, Figma Make, and Claude Code to enhance and accelerate the creation of mockups, prototypes, and UI components.
- Designed AI-powered product features — including a conversational analytics interface and LLM-assisted content creation workflow — balancing user needs, business goals, and technical constraints.
- Supported accessibility and usability practices across the product, applying WCAG principles to component design including focus states, contrast, and keyboard navigation.
- Collaborated closely with engineers and product managers throughout development — participating in feedback cycles, iterating on designs, and maintaining design integrity through implementation.
- Shipped a responsive Framer marketing site with strong visual consistency across desktop and mobile breakpoints.

Graphic Designer

Inbalance Soul · San Clemente, CA · July 2022 – June 2023

- Owned end-to-end brand and packaging design — creating print-ready components and visual systems across a diverse product portfolio using Adobe Illustrator and InDesign.
- Collaborated directly with the Founder through the full production lifecycle, refining designs based on feedback to align with target market positioning.

SKILLS

UI/UX Design User-centered design, Wireframing, Prototyping, Interaction Design, Responsive Design, Accessibility (WCAG)

Design Systems Figma component libraries, Variants & Auto Layout, Visual consistency, UI component creation & maintenance, shadcn/ui

AI Tools Claude Design, Figma Make, Claude Code, Figma AI, AI-assisted design workflows

Tools Figma, Adobe Illustrator, Photoshop, InDesign, Framer

Collaboration Cross-functional collaboration with PMs & engineers, Feedback iteration, Dev handoff

EDUCATION

Associate of Science

Saddleback Community College · Mission Viejo, CA · Expected 2026
